

# Ace® FORCE™ 12 PRO

Forensic Data Acquisition and Analysis Workstation

**OVERVIEW:** The Ultimate High Speed Forensic workstation for processing all types of digital forensic information. The ACE® FORCE™12 Pro Series is the world's fastest Forensic workstation and are known worldwide for their technical excellence, speed and reliability. They are the first and only forensic workstations to carry an unprecedented **5 Year Worldwide warranty** on the full workstation including third party parts like the expensive forensic hardware. We also have choices of multiple Forensic bridges from either Opentext®/ Tableau, Logicube® or CRU®/Wiebetech. The FORCE™12 Pro can have up to 15 RAID Drive Bays as well as a full compliment of Forensic hardware and runs silently due to the premium internal components. Already in use on 5 continents, we look forward to working with your needs.
