Ace® MicroFORCE™ 7
Forensic Data Acquisition and Analysis Workstation

OVERVIEW: The Compact High Speed Forensic workstation for processing all types of digital forensic information. The ACE® MicroFORCE™7 is among the world’s most compact fully featured Forensic workstations and are known worldwide for their technical excellence, speed and reliability. They are the first and only forensic workstations to carry an unprecendented 5 Year Worldwide warranty on the full workstation including third party parts like the expensive forensic hardware. We also have choices of multiple Forensic bridges from either Opentext®/Tableau, Logicube® or CRU®/Wiebetech. The MicroFORCE™7 can have up to 10 RAID Drive Bays as well as a full Forensic bridge and runs silently due to the premium internal components. This compact and economical system is new for 2019 and has already become popular.

- FORensic Client Examiner - Specialized Workstations for Electronic Discovery/Data acquisition
- Configured for the Forensic investigator and Law Enforcement agencies
- Multiple Write-Blocked Tray/Trayless docks for suspect drive imaging
