J.C. Technology's CCS-2 BPA number is FA8055-17-A-1105. Products can be ordered via the AFWay (Air Force Way) e-commerce portal where all of the products offered under CCS-2 2019B will be made available through centralized product catalogs. The purchase price includes the device price, shipping and warranty.

CCS-2 is a multi-year contract, awarded to only six companies. Authorized CCS-2 BPA buyers include the Department of the Navy, Department of the Air Force, Office of the Secretary of Defense, Defense Health Agency-Air Force (DHAAF), and the White House Communications Agency (WHCA). The contract requires the use of environmentally responsible solutions including Energy Star compliant and EPEAT certified products.

Ace Computers CEO John Samborski said, "We are excited that 11 products were approved for this buying cycle. With all of our clients, we work hard to provide the finest, most powerful technology for the price and CCS-2 is no exception. We are currently accepting orders for these 11 products and look forward to building on our 36-year relationship with the U.S. military."

Founded in 1983, Ace Computers is one of the most established and respected custom technology builders in the world. The company is a Woman-Owned Small Business manufacturer and reseller for the public sector as well as the commercial sector with a stellar record of outstanding customer service, engineering expertise and on-time delivery. Ace Computers is a multi-year CES Award winner and HPCwire Readers' Choice Award finalist. In addition to some of the finest academic institutions in the U.S., long-term clients include the U.S. Department of Energy and the U.S. Department of Defense. Contracts include GSA, CCS-2 and SEWP V. Headquartered in Greater Chicago, additional locations include: New Jersey, Florida, Virginia, Nevada, Colorado and Minnesota.
