

The Ace® Vision Mini brings the power of modern Intel® platforms to one of the world's smallest full-featured PC's. Housed in an attractive brushed aluminum chassis measuring only 6.5" square by 1.97" high and 2.8 pounds. The Ace® Vision™ Mini is extremely expandable through the use of Dual USB and Firewire ports. This extremely compact but fully-featured form factor is the perfect computer package for military, security, educational and healthcare applications.

World's Smallest Full-Function PC

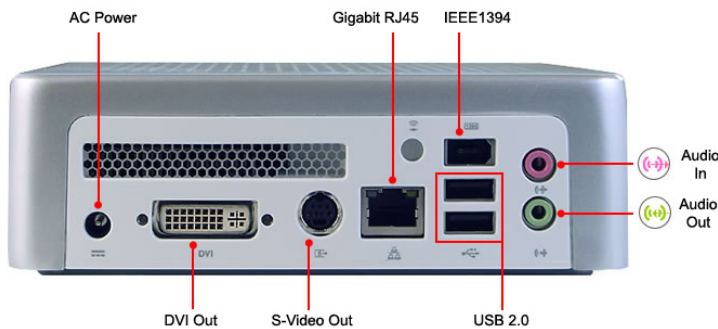

Optimum performance technologies are provided in the Ace Vision Mini. Incorporated into the small chassis are the latest performance technologies, such as Intel 915GM Chipset with the powerful and low-power consuming Intel® Pentium® M or Celeron® M processor, up to 1GB of DDR2 memory and 120GB of hard drive space plus a high speed video subsystem using the Intel PCI Express-based GMA900 with up to 224MB of DVM TVideo memory with true DVI output. S-Video and Component video out are also available as is a mini-PCI slot for use with wireless, bluetooth and other resources available in miniPCI cards.

The Ace® Vision™ Mini comes loaded with full multimedia functionality including dual channel wavetable audio and your choice of a CD-RW/DVD-ROM drive or a DVD-RW drive. 10/100/1000 Gigabit Ethernet and Firewire ports are also standard as are dual USB ports for further expansion.

The Ace® Vision™ Mini is fully tested with major Microsoft operating systems so compatibility is guaranteed. The unit is designed and built by Ace Computers, an Intel Premier Solutions Provider, a 3COM Networking partner and Microsoft Certified Solutions Provider, with 23 years of experience providing advanced systems and a stable financial history. Ace Computers is the winner of a 2005 "Best Overall Business" award by NASBA for our expertise and attention to customer care. Ace Computers has been recognized as one of the "Top 100" system builders in the US by CRN Magazine and is a VARBusiness top 500 VAR and plans to continue its dedication to excellence in products and service.

Actual Size !!!

SPECIFICATIONS:

Dimensions: 6.5(W)x1.97(H)x6.5(D)
 Weight: 1.49kg / 3 pound (N.W.)
 Chipset: Intel 915GM+ICH6M
 Memory: SO DIMM, DDR2 x 1 400/533
 Video: Intel 915GM onDie
 TV Out: Multi-TV x1 (Composite + S-Video + YPbPr)
 Audio: AC97 2 CH
 LAN: 10/100/1000
 Connectivity: IEEE 1394 / USB 2.0
 Internal Expansion: Internal Mini PCI x 1
 Power: 65W (19V, 3.5A) Adapter
