Removing the Battery

We recommend that you do not remove the battery yourself. If you do need to remove the battery for any reason (e.g. long term storage) see below.

1. Turn the computer off, and turn it over.
2. Slide the latch in the direction of the arrow.
3. Slide the latch in the direction of the arrow, and hold it in place.
4. Lift the battery out in the direction of the arrow from point 3.

Figure 3 - 16
Battery Removal
Inserting the Battery

1. Turn the computer off, and turn it over.
2. Slide the battery into the compartment in the direction of the arrow 1.
3. Slide the latches 2 (latch 2 should lock automatically) and 3 in the direction of the arrows to lock the battery.
